

PROPOSAL OF GOWN RENTALS FOR CONFIRMATION

PRESENTATION/FIRST VISIT

We will do a presentation of our services to the parent council or parents of confirmation pupils to detail our proposal for the use of gowns at confirmation.

We will bring sample gowns for viewing.

SECOND VISIT

We will measure the children if necessary. We will keep the measurement time to one hour at most. Should the school decide to do the sizing, we will provide a list of the measurements with a diagram of how the measurements should be taken.

THIRD VISIT

We will deliver all the gowns before the confirmation ceremony. Each gown will be individually wrapped and named for easy identification at the distribution before the ceremony.

The Times of these visits are at the Schools Discretion.

The gown is cream in colour and is full length. We supply 6 different lengths labelled from 42" to 57". A GOLD or RED cord is also available to wrap around the waist.

ADVANTAGES OF WEARING GOWNS FROM PARENTS AND SCHOOL PERSPECTIVE

- The Confirmation is hassle free for parents as it is cheaper than buying clothes that conform to confirmation standards, and the children can wear the clothes they are more comfortable in and happier wearing.
- It is cheaper than School Uniforms as most parents will have to buy brand new uniforms just for the day or spend money on repairing the uniforms.
- All the children look the same at the altar.
- Makes the confirmation photograph unique
- Each gown is supplied to the exact length that the confirmation pupil requires – be it a very tall child or a very small child – the gown will be supplied to come to their shoes
